

Monrovia March 09th, 2026

Dear sir,

We are so happy to greet you and your family. We are so fine and hope you so!

Well we are now in rain season, and the heat is stilling at the moment. Caused by climate change, most of people are ill, and have gripe.

The cost of living is average and sale of rice is a fair price yet. Yesterday was Women's day, so many women were celebrating it in the stadium.

As I am concerned: we have just finished our examen and second Test, so I am succeeded. I will make a sincere effort to pass my exams at the end of this month.

We'll have also an official Examen on 06 to 09 July 2026, I will be ready for that.

Everything is going well here. I wish you'll have good. Easter Holidays with God! you have our thanks for everything you have done and supported on me until now.

Sincerely

Kisses!

Friday
